

IRELAND IS IN  
DANGER OF  
REVOLT  
AGAIN

John Redmond Tells House of Commons Treatment of Ireland Is Gallant and Full of Menace.

SAYS ACT OF ASQUITH BETRAYED IRELAND

Contrasts Ireland's Feeling of Friendship for Allies at Beginning of War to Feeling There Now.

(By Review Leased Wire.)  
LONDON, Oct. 18.—The Irish question was again brought to the fore in the House of Commons today with the introduction by John Redmond of a motion criticizing the system of government of the island. The motion reads:

"That the system of government at present maintained in Ireland is inconsistent with the principles whereof the allies are fighting in Europe and is or has been, mainly responsible for the recent unhappy events and for present state of feeling in that country."

Ireland Feels Betrayed  
Mr. Redmond told the House of Commons that the inclusion of Sir Edward Carson, the Ulster Unionist leader, in the coalition government, when the cabinet was reconstructed, meant to thousands of Irishmen the belief that they had been betrayed. He said he had prayed that Premier Asquith leave Ireland out of the coalition. The premier had refused and the result was gallant.

Mr. Redmond moved his resolution in the presence of a crowded house. Among those in the galleries were Baron Wimborne, the lord lieutenant of Ireland, Baron Charles Beresford, Baron Pieri and Baron Stanfordham, King George's private secretary.

Situation Dangerous  
The Irish leader said it was undeniable that the situation in Ireland was full of menace and danger and he contrasted this state of affairs with the genuine enthusiasm for the allies in Ireland at the beginning of the war. He proceeded to review the situation in detail.

Mr. Redmond said the situation was full of menace and danger; of menace to the hopes and aspirations of Ireland and to a good understanding between Great Britain and Ireland to the highest interests of the empire at the present moment.

"Nationalists Snubbed"  
My object is to ally, not to inflame feeling. I do not want to make a party speech and accordingly start my survey with the outbreak of the war.

"From the very first the efforts of the Nationalist leaders were thwarted and snubbed and, looking back, I am amazed at the success which, under the circumstances, attended their efforts. Thirty thousand nationalist volunteers had enlisted and if it had not been for distrust of Ireland in the early phases of the war the number of volunteers would have been trebled.

Promise of Army Unkept  
The promise made by Premier Asquith as to the creation of an Irish army corps also never had been accorded to, he commented.

The difficult task of the nationalists to popularize the army had been systematically thwarted, Mr. Redmond continued. The new national university was not allowed to organize an officers' training corps, while a number of private schools had been granted the privilege.

Changes were made too late, he declared. Taking each thing individually he went on, the effect was small but cumulatively the effect was enormous and the undoubted enthusiasm at the beginning of the war began to die away.

The Cause of Rebellion  
The final blow came in the formation of the coalition government, he said. From that day, recruiting for the army had diminished and recruiting of the Sinn Feiners had increased. From that day things went from bad to worse and finally came the rebellion.

"I am profoundly convinced that if (Continued on Page Three.)

\* TEUTONIC PRINCES  
\* WEDS PLEBIAN HERO.

LONDON, Oct. 18.—The Frankfurter Zeitung announces the marriage of Princes Marie Therese of Hohenlohe to Otto Kohleisen of Innesbruck, an apothecary and descendant of a humble Austrian family. The princess nursed Kohleisen while he was in a hospital suffering from an illness contracted on the battle field.

CARRANZA GETS  
LAST CHANCE  
TO CATCH  
VILLA

In View of His New Resolution to Run Down Bandit, U. S. Commissioners Tell Him to "Show Them."

(By Review Leased Wire.)  
ATLANTIC CITY, N. J., Oct. 18.—Supplemental assurances from General Carranza that he is beginning a new and vigorous campaign against Villa were received today by his representative on the Mexican-American joint commission. The head of the de facto Mexican government asserted all available troops would be used in the pursuit of the bandits.

The American commissioners reviewed at the joint session a carefully prepared statement of the Mexican claims as to conditions as well as proposals for restoration and maintenance of peace along the frontier. This statement also included arguments designed to show why the American troops should be withdrawn from Chihuahua.

Lasting Peace Demanded  
The Mexicans insist they are capable of driving Villa and other outlaws from the border, but the American attitude is that he must demonstrate ability to do more than that. They insist that control of the border must be based on a reasonable indication that the Mexican authorities are capable of maintaining effective government in the interior.

Carranza's Last Chance  
The willingness of Americans not to urge compliance with their suggestions at this time is due to a hope that General Carranza may be able to direct a successful warfare against Villa.

Troops Not For Chase  
It was learned today that the troops sent northward yesterday were not intended for the campaign against Villa but to relieve troops at Agua Calientes and Zacaecas, who in turn will be sent north to Torreón to relieve others that would be sent into the hills in search of Villa.

GRAIN SHIP BURNS  
NEW YORK, Oct. 18.—Fire of undetermined origin in hold No. 3 of the New York and Porto Rico steamship Brazos at her pier in Brooklyn late today destroyed the contents of the hold which consisted of hay and grain. The owners of the vessel were unable to estimate the damage caused by the flames, which were fought for four hours by two fire boats and several fire companies. The blaze was confined to the one hold.

RUMANIANS CHECK TEUTON'S  
ADVANCE AND CAPTURE MANY

(By Review Leased Wire.)  
LONDON, Oct. 18.—The Rumanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies all along their border. At no point along the line does either Berlin or Vienna claim fresh successes against the Rumanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them and capturing numbers of their officers and men.

Violent fighting is still in progress in Galicia, where on the Narayevka front the Bavarians have stormed a Russian position and captured 350 men and 12 machine guns.

Both north and south of the Somme the French troops have made fresh gains. The village of Sully-Saillais is now entirely in their hands and the Germans have been driven out of the hills northwest and northeast.

President's Path Lined  
By Thousands As Special  
Train Brings Him West

(By Review Leased Wire.)  
SYRACUSE, N. Y., Oct. 18.—(On President Wilson's Special Train)—President Wilson was greeted by cheering crowds at ten New York cities and towns during brief stops made on his way to Chicago. At Syracuse he got his first glimpse during the campaign of red lights burning in his honor. The President refused to make extended speeches, but in each town he thanked the crowd briefly for coming to see him. At Albany he said:

Won't Glorify Self.  
"I am a very poor hand, my friends, at commending myself. You all know just exactly what has been done by the present administration and you know just as well as I do how to judge it, so that I am perfectly content to leave myself in the hands of the jury."

Called Second Lincoln.  
At Oneida tonight, a man in the crowd shouted:  
"Hurray for the second Abraham Lincoln!"  
"I am afraid I can't play that game," the President called back.

Mr. Wilson appeared on the observation platform of his private car at Harmon, Poughkeepsie, Albany, Schenectady, Amsterdam, Ponda, Utica, Rome and Oneida before reaching Syracuse. Stops of more than five minutes were made here and at Albany, but at other places the train paused only for a minute or two.

Cochise County May  
Send Delegation to  
Phoenix On Friday

If Requisite Number Is Secured Special Car of District and Douglas People May Go to Hear Colonel Roosevelt.

If fifty or more people agree to take the trip to Phoenix for the purpose of hearing Colonel Theodore Roosevelt discuss the national campaign issues at that point on Saturday afternoon, a special rate can be had from the railroads and a special pullman provided for the trip to and from the capital.

Those who might take the trip are asked by the Republican organization to telephone Mr. Zachow, at Phoenix, 3-1, sometime today and indicate their preference in the matter. In order to make the trip it will be necessary for the party to leave Friday night as Colonel Roosevelt speaks Saturday afternoon.

MANY DESERT VILLA  
DISSIDENT HITS RANKS.  
CHIHUAHUA CITY, Oct. 18.—Deserters from Villa's ranks arriving here say that dissention has broken out among the bandit leaders, and that Villa quarreled with Salazar, while Salazar and Uribe used revolvers during a recent dispute. The deserters assert that they had been impressed into the ranks on threats of death.

Colonel Cardona, who, although himself wounded, took the command from the wounded General Ramos in the fight with Villa at Cuahuilac, has been placed in charge of thearrison at Santa Isabel, where supplies have been sent for the coming campaign against Villa.

General Ramos is convalescing at his home at San Luis Potosi.

Over a front of a mile south of the river between La Maisonnette and Baches, the German first line defenses have been driven back by the French.

East of Thiepval gains by the British north of Guendecourt and in the region of Butte de Warlencourt, are recorded by the London war office. Patrol encounter and bombardment feature the fighting in Macedonia.

In the Austro-Italian theatre, the Italians are another step forward in their advance on Trentino, having broken the Austrian line between Cosmonon and Roite and also have taken a commanding position on Mount Passubio.

Greece still remains a center of interest as the result of the landing of entente allies marines at Piraeus and Athens. Fresh demonstrations of bitterness by the Greek populace against the marines have been shown and the situation still remains tense.

Shakes Hands Too Warmly.  
The President's hand was shaken so vigorously at Albany that the skin was torn off of a finger on his right hand and for several minutes he stood with a bloody handkerchief in one hand, shaking hands with the other.

"It's good red blood, any way," called out one man.  
Tonight Dr. Carey T. Grayson, the White House physician, bound up the injured finger and Mr. Wilson used his left hand in greeting those who met him.

At several stops local Democrats had engaged bands which played when Mr. Wilson appeared. Here at Syracuse the biggest demonstration of the day was staged. Members of a Democratic club marched along side the train as it ran through the city and red rights flared. Democratic speakers in automobiles addressed the crowds which lined the tracks.

Reaches Chicago This Noon.  
Tomorrow morning the President's train is to make brief stops at Goshen, Indiana; Elkhart, Ind.; South Bend, Kendallville, Ind.; Elkhart and Gary. He will arrive in Chicago at 11:50 o'clock. Three speeches are on the President's program in Chicago.

Norman was riddled with buckshot.

Hughes Promises  
To Maintain U. S.  
Rights Anywhere

(By Review Leased Wire.)  
KALAMAZOO, Mich., Oct. 18.—Charles E. Hughes told an audience in the armory here tonight that a vote for him, far from being a vote for war, meant a vote for the maintenance of American rights and that when Americans went abroad lawfully to further American enterprise, they should go with the "backing of the American government."

The nominee assailed the administration for its foreign policy, for its claim that it had aided business by its Underwood tariff, for alleged failure to observe the merit system in making appointments, and for extravagance. He declared the present prosperity of the country is temporary and due to the European war. The federal reserve bill, he explained, "giving credit where credit was due" was largely the result of the support of the Republican monetary commission and contained "defects which should be removed."

LEONARD KNOCKS OUT  
HAMMER IN K. C.

KANSAS CITY, Oct. 18.—Benny Leonard, New York lightweight, scored a technical knockout in the twelfth round of his fight with Ever Hammer of Chicago here tonight. Hammer's manager stopped the bout to prevent his man being punished further, after Hammer had been knocked down for the count of three. The fighting was to have gone fifteen rounds.

\* EQUAL RIGHTS DENIED  
\* EPISCOPAL WOMEN.

ST. LOUIS, Oct. 18.—Women were denied equal rights with men in two actions taken today by the house of bishops of the Protestant Episcopal general convention here.

A proposal to permit women to sit as delegates in the general convention was rejected, while a request from the Right Rev. Logan H. Roots, bishop of Hankow, to be allowed to permit women to membership in his advisory council was denied. The house suggested to the bishop of Hankow, it was stated, that he might create an auxiliary council of women.

Runs 95 Miles In  
15 Hours Then  
Eats Ice Cream

(By Review Leased Wire.)  
CHICAGO, Oct. 18.—A heaping dish of ice cream and some lemonade was all that Sidney Hatch of Chicago, a veteran amateur marathon runner, wanted after he finished his record-breaking 95 mile run from Milwaukee to Chicago today. Then, after a brisk rub down, he went to bed for a 24 hour sleep. Officials of the Amateur Athletic Union declared that the performance was probably the most remarkable in history. He covered the distance, 95.77 miles, in 14 hours 50 minutes and 30 seconds, beating the former record by four hours and seven minutes.

Hatch ran every step of the way, making only three stops for a total loss of 16 minutes and finished strong although ten pounds lighter. He averaged a mile every 8 1/2 minutes.

Alex Monteverde of Josephtown, N. Y., who started as Hatch's pace-maker was forced to drop out before three fourths of the distance had been covered.

Adair's Charger  
Sent to Relatives  
of Dead Lieutenant

(By Review Leased Wire.)  
EL PASO, Oct. 18.—The thoroughbred saddle mare which belonged to Lieutenant Henry R. Adair, of the Tenth Cavalry, who was killed during the fight at Carrizal, Chihuahua, on June 21, was located in Juarez today and has been delivered to the United States army officers here.

The equine survivor of the Carrizal fight had been in the Carranza cavalry since it was captured by a Mexican soldier at Carrizal. It was recognized in Juarez by an American and upon being informed that the mare had belonged to the dead officer, General Francisco Gonzales ordered it delivered to General George Bell here. The mare will probably be sent to Lieutenant Adair's relatives in Portland, Oregon.

BROWNSVILLE, Tex., Oct. 18.—Felix Diaz has set up a provisional government in the state of Oaxaca, if specimens of copper and silver coins reaching the border today are to be relied upon. The specimens brought here by Mexican arrivals include copper coins of the "provisional government" of one centavo and silver pieces consisting of quarter peso, half peso, bearing the Mexican coat of arms on one side, and the profile of Benito Juarez on the other. The copper coins are square.

FRENCH BAYONETS SILENCE  
GREEK PATRIOTISM IN ATHENS

(By Review Leased Wire.)  
ATHENS, via London, Oct. 18.—A French marine patrol last evening arrested at the point of the bayonet seven youths who were hooting the entente powers. A huge crowd gathered for the purpose of rescuing them. The Greek military commander at Athens called out troops who charged and dispersed the crowd. Greek patrols were immediately placed in various districts to control any attempt at anti-entente manifestations.

## Will Allies Withdraw?

The French admiral in command informed the premier that he would call at the ministry in the morning, although it is possible that as a result of the British minister's audience with King Constantine the French troops may be withdrawn on a pledge that the Greeks maintain order.

Colonel Roosevelt Tells Kentuckians Americans Abroad Have Had No Protection for Three Years.

WILSON PROMISES, BUT FAILS TO DO, HE SAYS

Is Glad to Be in Kentucky "Where People Are Not Too Proud to Fight," He Tells Great Audiences.

(By Review Leased Wire.)  
LOUISVILLE, Ky., Oct. 18.—Asserting that for three years there had been "no protection of our citizens abroad," Hughes assailed the course of President Wilson in dealing with Mexico and his conduct of the country's foreign affairs.

Mostly Boast, He Says.  
"It combined lofty promise and complete failure in performance. It consisted of words which were nullified by deeds," he said in summing up his view of the President's course.

Entering Kentucky in the forenoon, Colonel Roosevelt delivered more than a dozen rear-platform addresses before reaching Louisville. Crossing the Ohio River at Cincinnati, his course took him almost to the Tennessee line. At Paris and Cincinnati, he told his audiences he was glad to be in Kentucky, "where if it was necessary, the people were not too proud to fight."

His largest audiences were at Winchester and Richmond. On his arrival here this evening he was met at the railroad station by a large crowd which escorted him to Phoenix Hill Parks, about two miles away, where he spoke. Many persons, unable to effect an entrance were turned away.

One Life Lost  
The one life reported lost was that of Daniel Cobb, cook on the small steamer Flanders which was reported sunk two miles from here. Its crew was brought here tonight. Several persons were slightly injured.

Shipping damage besides that to numerous small boats and fishing craft and the Flanders included the driving together of the Norwegian bark Oakland and the 468 tons steamer, J. E. Du Blonon. The small schooner Amy Vixon, in tow of the Flanders broke loose and had not been accounted for tonight. It was not known how many men were aboard.

Quake, Occurring About Four O'clock, Lasts 3 Minutes and Is Felt From Georgia to Louisville, Kentucky.

(By Review Leased Wire.)  
ATLANTA, Ga., Oct. 18.—The south was rocked by earthquake and swept by storm at the same time today. While a tropical hurricane was flaying the gulf coast, earth tremors overturned chimneys and frightened many people from their homes in Georgia, Alabama and Tennessee. The earthquake did little damage, but a wind that reached a velocity of 114 miles an hour lifted rocks at Pensacola and sunk numerous vessels.

Two Mobile Steamers Lost.  
Shipping at Mobile had been warned and apparently suffered little harm. Two river steamers were sunk, a schooner and a steamer were driven ashore and small boats were lost.

Quake Sways Buildings.  
The earth shocks were felt shortly after four o'clock and were severest in Montgomery and Birmingham, Alabama, where swaying office buildings were emptied within a few minutes. In these towns chimneys were destroyed and articles were hurled from shelves in residences and shops. Elsewhere no damage was reported.

Lasted Three Minutes.  
The earthquake was felt as far north as Louisville, Ky., and east to Augusta, Ga. Its duration was about three minutes and there were two shocks.

## SHIP SUNK IN FLORIDA

PENSACOLA, Fla., Oct. 18.—Several vessels in the harbor here were sunk, numerous small craft suffered damage, and one life was lost in the terrific tropical hurricane that swept through here today. At one time the wind reached a velocity of 114 miles an hour. Property damage in Pensacola itself was confined chiefly to roofs blown off and plate glass windows destroyed.

PENSACOLA, Fla., Oct. 18.—The navy aeronautic station near here escaped with comparatively little damage. The newly completed permanent hangars withstood the gale, but several aeroplanes were reported damaged.

Blows Trees Through Windows  
The gale came in such terrific and sudden gusts that it blew trees through plate glass windows in the downtown district. The barometer registered 29.50 just before all instruments were put out of commission this morning and the gale had raged up to 114 miles an hour and then dropped in ten minutes to fourteen, before a change of direction and a rise to 98 miles took off the tower of the observatory.
